Re: Convenience Translation of Interim Financial Information

Per your request, we have reviewed the accompanying interim consolidated financial information of Elco Ltd. ("the Company") as of June 30, 2026 and for the periods of six and three months then ended ("the Interim Financial Information"). The Interim Financial Information is the responsibility of the Company's Board of Directors and management. Our responsibility is to express a conclusion regarding the Interim Financial Information based on our review.

We did not review the interim financial information of certain subsidiaries, whose assets constitute approximately 0.77% of the total consolidated assets as of June 30, 2026 and whose revenues constitute approximately 0.35% and approximately 0.22% of the total consolidated revenue for the periods of six and of three months ended on June 30, 2026, respectively. Furthermore, we did not review the interim financial information of certain companies accounted for at equity, the investment in which amounted to 205 million dollars as of June 30, 2026, and the Company's share of their profits (losses) amounted to approximately 1 million dollars and approximately (0.1) million dollars for the periods of six and of three months ended on June 30, 2026, respectively. The interim financial information for those companies were reviewed by other auditors, whose reports have been furnished to us, and our conclusion, insofar as it relates to amounts included for those companies, is based on the reports of the other auditors.

We conducted our review in accordance with Review Standard (Israel) 2410 of the Institute of Certified Public Accountants in Israel, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards in Israel and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The accompanying Interim Financial Information in US Dollars are a convenience translation of the interim consolidated financial statements as prepared in New Israeli Shekels at the rate of exchange of the Shekel into US Dollars prevailing on June 30, 2026, as described in note 3 of the Interim Financial Information.

Based on our review and the reports of the other auditors, we concluded an unqualified conclusion on the Company's consolidated interim financial statements in our report dated August 30, 2026.

The accompanying interim financial information, which are derived from the company's interim consolidated financial statements, are condensed interim financial information and do not include the disclosures required by International Financial Reporting Standards (IFRS). If the omitted disclosures were included in the accompanying interim financial information, it might influence the user's conclusions about the consolidated financial position, results of operations, changes in equity and cash flows of the company. Accordingly, the accompanying interim financial information are not designated for those who are not informed about such matters.

Based on our review and the reports of other auditors, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Information is not present fairly, in all material respects, the information contained in it.

Tel-Aviv, Israel

Note 3 - Convenience translation

The Interim Consolidate Financial Information in US Dollars is a translation of the statements as prepared in New Israeli Shekels ("NIS" or "Shekel") at the rate of exchange of the Shekel for the US Dollar prevailing on June 30, 2026 (NIS 2.978 = US$ 1).

It should be noted that the New Israeli Shekel amounts, on the basis of which the convenience translation figures were prepared, do not necessarily represent the current cost amounts of the various elements within The Interim Consolidate Financial Statements and, also, that it should not be construed from the translation into US Dollar figures that the Israeli currency amounts actually represent, or could be converted into Dollars. This financial information has been prepared for the convenience of the reader. In the event of any discrepancy between the contents of this translation and the Hebrew original, the Hebrew original prevails.
